

Calling All Pediatric SLPs/SLTs!

Help Improve Access to AAC Services

PARTICIPATE IN A GLOBAL SURVEY

Are you a speech-language pathologist/therapist (SLP/SLT) currently supporting children and youth?

If yes, we want to hear from you?

STUDY DETAILS

Western University researchers are inviting SLPs/SLTs to complete a survey about:

1. AAC education and training for SLPs/SLTs
2. Barriers to implementing all types of AAC services (e.g., signs, core boards, communication apps)
3. Tools to support SLPs/SLTs in providing AAC services to children

It is expected that the survey should take no longer than 30 minutes

CONTACT

For more information about this study, please contact:
